1. A: Hi B, how are you?

B: Hi A, I'm fine and what about you?

A: Well, ähm, ... I'm thinking about what I can do after school?

B: Ah, well... let's do some research on the Internet.

A: Yeah, let's do that.

2. VideoScribe

3. A: Wow, very interesting, so many possibilities.

B: Yeah ... there it's difficult to decide what to do.

A: You're right ... (is waiting some moments)

B: Why don't we ask our headmaster what possibilities we have after graduating from TFO?

A: Good idea!

4. Which opportunities do we have after graduating from our school?

Where, for example, do former TFO students work?

Which qualifications are required by employers?

7. A: Hi, I haven't seen you for ages! The last time we saw each other we were thinking about what to do after graduating from TFO..

B: Yes, I remember! Seems like yesterday, but so many things have happened since then...

A: What are you doing now? Are you working or studying?

B: Well ... I have decided to go to university ... right now I'm working on my dissertation about the influence of gravity to the brain.

A: Wow, that sounds really interesting ... and like a lot of work.

B: Well, it is ... but it's worthwhile. And you? What have you done after your graduation? Are you also studying?

A: No, I'm not. I decided to start working after the school ... I had enough of learning boring stuff. (laughs)

B: And what are you doing?

A: Well, it wasn't easy to find a job ... and to get the job I wanted was nearly impossible ... there was quite a lot of highly educated competition. So I started to

work in the "Kläranlage" near Bruneck ... and since then I've been working there ...
it's a relaxing work, the best colleagues you can imagine ... so I'm happy to stay there.
B: "Das freut mich für dich". (smiling) So, I've to go ... maybe we meet us soon. Bye.
A: Bye ... and good luck with your "Doktorarbeit".
